FBIS PRODUCTION STATISTICS

DAILY REPORT

The major portion of field-monitored material received in FBIS Headquarters is published in 8 regional volumes of the FBIS DAILY REPORT issued 5 days per week.

1973	98,783 pages published annually
1975	98,983 pages published annually
1977	99,216 pages published annually
1979	100,385 pages published annually
1980	104,073 pages published annually
1981	99,415 pages published annually

Size of DAILY REPORT is limited by number of editors and typists available. After computerization (MIDAS), FBIS estimates production per page will increase 30%.

NUMBER OF DAILY REPORTS PRINTED DAILY

1973	5,899 copies
1975	5,908 copies
1977	5,950 copies
1979	6,487 copies
